### **III. Records and Other Information to Be Disclosed**

For each cell tower described in Part I of this Attachment, the Service Providers named in the Order are required to disclose to the United States all records and other information (not including the contents of communications) about all communications made using the cell tower during the corresponding timeframe(s) listed in Part I, including the records that identify:

- A. the telephone call number and unique identifiers for each wireless device in the vicinity of the tower (“the locally served wireless device”) that registered with the tower, including Electronic Serial Numbers (“ESN”), Mobile Electronic Identity Numbers (“MEIN”), Mobile Identification Numbers (“MIN”), Subscriber Identity Modules (“SIM”), Mobile Subscriber Integrated Services Digital Network Numbers (“MSISDN”), International Mobile Subscriber Identifiers (“IMSI”), and International Mobile Equipment Identities (“IMEI”);

**19 - 0559 JMC**

- B. the source and destination telephone numbers associated with each communication (including the number of the locally served wireless device and the number of the telephone that called, or was called by, the locally served wireless device);
- C. the date, time, and duration of each communication;
- D. the “sectors” (i.e., the faces of the towers) that received a radio signal from each locally served wireless device; and
- E. the type of communication transmitted through the tower (such as phone call or text message).

These records should include records about communications that were initiated before or terminated after the specified time period, as long as part of the communication occurred during the relevant time period identified in Part I.
